

How To Join A 4-H Club

Contact an Advisor for a club that you might be interested in joining. Discuss your mutual goals and plan to attend a meeting to make sure that particular club is a great fit.

4-H Project Judging

The 4-H program year spans from January through December.

The annual enrollment deadline is March 15th.

Enrollment through a club is required, so make timely contact with an Advisor to ensure that the online enrollment will be completed by the deadline.

Club meeting areas are approximate; if you are willing to travel, you are welcome to join any club in Wood County. You may also join more than one club to specialize in horses, shooting sports, or livestock judging. For more detailed information contact the 4-H staff.

Visit 4-H Project Central at projectcentral.ohio4h.org to view project books and read reviews from other 4-H members who have previously taken the project. Predetermine the project that is of interest and sign-up for that project (with the help of the club Advisor.)

What Is 4-H?

4-H is a non-formal educational youth development program for children age 5 through age 19. Cloverbud members are at least 5 years old and in kindergarten. Traditional members are at least 8 years old and in the third grade and may remain in 4-H as long as they are 18 or younger as of January 1st (of the current year.)

4-H empowers young people with the skills to lead for a lifetime. It's a research-based experience that includes a mentor, a hands-on project and a meaningful leadership opportunity.
