

## **503M ROCKETRY MASTER**

### **Project Description**

This project is for members who have completed 503 Rockets Away!—Solid-Fuel Model Rockets and who want to continue to develop specialized skills like scratch building. Members of any age may complete this project, but they should have significant experience in rocketry (comparable to what is required for other advanced level 4-H projects) and be able to plan and complete the project on their own with minimal supervision or assistance.

### **To Complete the Project**

1. Plan, design, build, fly, and evaluate at least 1 solid-propellant model rocket. What you make should be different from a kit.
2. Take part in at least 2 learning experiences, as outlined, and planned in section 2.
3. Take part in at least 2 leadership/citizenship activities, as outlined, and planned in section 3.
4. Explore career opportunities in which you might apply or use what you learn by completing this project, as outlined in section 4.
5. Keep records of what you do, when you do it, how much you spend, and what you learn as you complete the project.
6. If possible, have someone take pictures of you working on your project at different stages as your progress from the beginning through completion, and attach copies of the photos in section 6 or in a separate project scrapbook.
7. Take part in 4-H project judging. If you choose not to participate in judging, plan to discuss and review completion of your project with your 4-H Advisor.

### **Judging of this Project**

Interview judging for this project will be on Non-Livestock judging day at the Jr. Fair building. Please refer to the 4-H calendar for judging dates.

\*Requirements for Judging:

1. Completed project book.
2. Rocket and a display of something learned in the project.

### **Project Display**

Prepare a display that shows the judge and fair visitors what you learned and accomplished in your project. For example, something you made, visuals or other items used to complete project activities, or a poster to share learned information.

**Your project book cannot serve as your project display.**

### **Display Areas**

At the Wood County Fair, your 4-H project will be displayed in the Wood County Jr. Fair building in your 4-H Club assigned booth.

**Project Pick-Up**

You must pick up your project display at the end of the fair or arrange for someone to get it for you. Please refer to the Wood County Fair book or the 4-H Newsletter for project release times.

Projects not picked up by 3:00 p.m. on the last day of the fair will be disposed of.
